Judge Davis was a member of the Rev Dr. Gannett s Sincety, and a graduat. of Hayvard College in 1731. He was a classmate of that distinguished man, Samuel Dester, who was the matro for of many brilliant students in the linu, and the beloved of a large community. Judge Davis was a member of various learned societies, but finding that his day of life was wearing dim, he had graduklly relinquished his earlier interests in wurldly dignities. He was a good man, and his memory will long be fondly cherished—filuston Transcript, 14th.

VALENTINE'S WATER WHIFT.

[To the Editor of the Whiz and Counce]

With Abril 29 1845

I have lately purchased of Messes Hickes & Feery, one of Valentine's Petent Reacting Water Wheels which has been put in operation by Mr David MrCliench, an experienced will wrish of this town, for propelling machinery in the Woellen Factors. The wheels of fire excess quir expectation that I consider it an act of justice to the propriet true commend the Wheel to be sons building I refores or other Mills as being squerier to any other Wheel with which I am acquainted the Wheel is offered in diameter, and the head of use the side of the property of the whole with which I am acquainted the Wheel is offered in diameter, and the head of use the side of the golden with the property was three times as much pooley as the Hiller This Wheel which we have used held tolor. He wheel is not obstructed by back water, and gesufficiently steads without the ad offer regulator—Persons interested in Water Wheels are inspected call at the Factory and examine to the merches.

J W EUSHING

The undersigned confidentially recommend this Wheel to the owners and operators of Manufactories, Mills, and Machinery as excelling any Wheel in use, for power durtbility, simplicity and economy.
